

## International Baccalaureate Courses (updated May 7, 2012)

The International Baccalaureate Program was developed and sponsored by the International Baccalaureate Office, a Swiss Foundation with headquarters in Geneva. This office is represented in Canada and the United States by the International Baccalaureate North America Office, a non-profit corporation headquartered in New York City. Some high schools in Alberta offer part or all of the International Baccalaureate Program. Students who have completed part or all of the Program may receive advance placement or credit through individual assessment upon admission to a post-secondary institution. More detailed information is available from the Office of the Registrar at each institution. Advance standing (Credit or Placement) in the following approved courses is automatically awarded for IB grade of "5" or higher (maybe higher for some Faculties) at UofC, MRU, TKUC and CUC. At ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "5" or higher, or of taking the ACAD course. At MacEwan and UofA, advanced standing (Credit or Placement) in the approved courses is automatically awarded for a minimum IB grade of "6". At the UofA, students also have the option of declining transfer credit on a course-by-course basis by a specified deadline. At AU, the minimum acceptable IB grade is "4" to receive advance credit. Advance credit arrangements are in effect at the degree-granting institutions listed in the following table. Official transcripts from the IBNA office are required.
